

**The City of Riverside  
Board of Public Utilities  
Notice of Public Hearing**

**Friday November 19, 2010 at 8:30 a.m.  
Public Utilities Boardroom  
3901 Orange Street, Riverside, California**

The City of Riverside Board of Public Utilities will hold a public hearing to discuss modifications to its Electric Rules and Rates (but is not proposing increases to its rates), as follows:

1. To compensate eligible renewable energy customer-generators, upon affirmative election, for net surplus energy generated under the Net Energy Metering Rate (Schedule NEM).
2. To grant authority to the Public Utilities General Manager to establish annually the net surplus renewable energy compensation rate to be paid to the eligible customer-generators under Schedule NEM.
3. To establish a new Feed-In Tariff Rate (Schedule FIT) for the City of Riverside to offer to purchase energy from renewable energy generation facilities located within the City of Riverside.
4. To close the Electric Domestic Time-Of-Use Rate (Schedule D-T-O-U) to new customers.
5. To revise Electric Rule 10 Distribution System Additions to require applicants to pay for all costs for electric system expansions, extensions, and upgrades to serve electric vehicle chargers or electric vehicle charging stations and other non-substantive changes.
6. To revise Electric Rule 11 Electric Service Facilities to clarify that applicants for new or increased electrical service must pay for the total cost of any Utility facilities needed to serve the new or increased loads.

Customers wishing to comment on the proposed actions should attend this meeting, or forward written comments to the Public Utilities General Manager at 3901 Orange Street, Riverside, CA 92501, prior to the hearing.

Information on the proposed changes is available for review at the Public Utilities Department, 3901 Orange Street, Riverside, California.
